11. Suggestions for next year's monitoring team?

The plan for this year had been to visit during the summer, to walk the line with the owner and to place reasonably permanent markers along the building envelope (on the line with Crafts/Snowden, and at the NW corner of the envelope). But, of course, by December the ground was frozen – and covered with a few inches of snow. Next year, the walk needs to be done earlier in the year.
