

Leverett Trail Stewards

What is it? What do I have to do as a Trail Steward?

To begin: an individual or a team offers to help with a specific section of a Leverett trail (to be the Steward).

Although needs of each trails will vary, the basic responsibilities are to:

- walk/ride/ski regularly - at least once a month (winter when possible)

- make minor repairs/improvements
 - removing fallen debris
 - clipping new growth impinging on trail
 - checking/clearing drainage
 - picking up small trash

- report (concom@leverett.ma.us) major work that needs to be done – overhanging or fallen trees, serious trail damage

- monitor signage/parking and make recommendations for improvement

- suggest projects that would improve the trail

- if interested, helping plan interpretive descriptions (print/web) or walks.

(For more information or to volunteer to serve as a trail steward, email concom@leverett.ma.us)
